### Maintenance and warranty

To ensure the longevity and reliability of this touchscreen monitor, we have carefully selected high-quality components to make it as durable as possible. However, like all precision electronic devices, it may require proper care and maintenance over time to maintain optimal performance.

Issues with external interfaces, such as touch hosts or other connections, can sometimes arise due to dust or debris accumulation. Periodic cleaning of these areas is recommended. When cleaning, use a soft, lint-free cloth slightly dampened with water or a mild cleaning solution safe for electronics. Avoid using abrasive materials or strong chemicals, as they may damage the screen's surface, connectors, or other components. Please note that improper cleaning or maintenance resulting in damage is not covered under warranty.

This product includes a two-year limited warranty, providing peace of mind and support for your purchase. The warranty period begins on the invoice date from the distributor to the dealer.

For best results, handle the monitor with care, and follow these guidelines to ensure long-lasting performance.
